

All At Once
Jack Johnson

(intro) Am C F Dm C

Am

All at once

C

The world can overwhelm me

F

There s almost nothing that you could tell me

Dm

C

That could ease my mind

Am

Which way will you run

C

When it s always all around you

F

And the feeling lost and found you again

Dm

C

A feeling that we have no control

Am

Around the sun, some say

C

It s going to be the new hell, some say

F

It s still too early to tell, some say

Dm

C

Some say it really ain t no myth at all

Dm

G

We keep asking ourselves

C

F

Are we really strong enough

Dm

G

There re so many things

C

F

That we got too proud of

Dm

G

Too proud of, too proud of

C

I want to take the preconceived

G

Out from underneath your feet

F

We could shake it off

C

And instead we ll plant some seeds

C

We ll watch them as they grow

G

And with each new beat

F

From your heart the roots grow deeper

C

F

The branches well they reach for what

C

Nobody really knows

F

But underneath it all

C

There s this heart all alone

F

Fm

What about when it s gone

C

E

It really won t be so long

F

Sometimes it feels like a heart

G

C

Is no place to be singing from at all

C

There s a world we ve never seen

G

There s still hope between the dreams

F

C

The weight of it all could blow away with a breeze

C

But if you re waiting on the wind

G

Don t forget to breathe

F

Because as the darkness gets deeper

C

F

We re sinking so we reach for love

C

At least something we can hold

F

But I will reach to you

C

From where time just can t go

F

Fm

What about when it s gone

C

E

It really won t be so long

F

Sometimes it feels like a heart

G

C

Is no place to be singing from at all
