Jack Johnson

A   **Em**
As I was saying

Just before you left the room before,

        A
Before I assumed

        G   **D**   **A**
That you might not come around

A   **Em**
As I was saying

                      D
Just after I took my foot from

My mouth and put it back

D   **A**
On the ground

A   **Em**
This is worth saving

                          D
Because the sum of us is more than us

        A
If you add us up

            G   **D**   **A**
Then subtract my lack of sleep

A   **Em**
My mind feels crazy

                              D
When all these thoughts come rushing in

```
              A
Should I be trusting them
   G      D        A
Or only let them be?

From here or now or you

Bm                       E
Is it just a matter of time?
Bm                           C#
Or does it even matter at all?
D                      A         Bm
Because even if this story should fall
            D        A
From the sky to the sea
A           Bm
If I should fall
            D              F#m
Would you fall down with me?
               E
Would you fall?

Verso 3:

It was underneath me all alone
A
On this path I m on,
       G      D     A
Now I never walk alone

A                   Em
I ve been erasing
                    D
Rewrote the second half like this
           A
So my protagonist
        G        D       A
Might find his way back home
