My first time doing this, so sorry for any mess-ups. This song is very simple. It sounds better if you use a palm mute between sturms. You may want to listen to the song for a better chance at picking up the sturm pattern.

Tuning: Standard

```
e|---1-----0-----3-----0-----
B|---1-----1-----3-----1-----
G|---2-----0-----4-----0-----

E|---1-----0-----3-----0-----
```

Verse

C **F**

```

G|---0-----2-----
D|---2-----3-----
A|---3-----3-----
E|---0-----1-----
```

Verse 1

C **F**

I come over early in the morning

C **F**

Iâ€™m like a heat wave, without warning

C **F**

And when I touch you my heart begins to flutter

C **F** **G**(Bar chord)

Cos you re smooth and creamy like peanut butter

Chorus

C **F**

Girl I wanna lay you down

C **F**

(I said) girl I wanna lay you down

Verse 2

I m gonna flood you, like a love river
Awe baby the post man, is about to deliver
Cook you up some dinner, a little pasta
Listen to some music, a little rasta

(chorus)

Verse 3

Turn off the lights, bring in the candles
wrap your arms around my love handles...
They say that passion may not endure
But this feeling that I have for you is burning up my world

(this is the same as the chorus)

Aweee, I said girl I wanna lay you down
(I said) girl I wanna lay you down
Girl I wanna lay you down
Girl I wanna lay you down
Girl I wanna lay you down
Girl I wanna lay you down
Girl I wanna lay you down

This is an easy song to play. Enjoy!
