Moonshine Jack Johnson

The rhythm guitar part is relatively simple. It uses the same chord progression throughout the whole song and the strumming is easy enough to figure out yourself

(there are palm clicks/mutes during the progression) just listen to the song a few

times and you ll get it.

You play each chord for 2 beats each except for the F#m which you hold for the whole measure(4 beats).

The basic strumming for each measure is:

```
beat beat beat
1 2 3 4
