F# **E** **B**
I m too tired to try

(refrão)

Abm **B**
Let s not get ahead of ourselves now

E **B** **Abm**
There s no need for rain it s our own parade

G#m **B**
Let s not be afraid of our reflections

E **Eb** **B**

(**B** **Eb** **Abm** **E**
B **Abm** **F#** **E**)

Road signs were stolen
Left here holding this flame
Who stole my patience
Who stole my way
I m lost
I m too tired to try

Let s not get ahead of ourselves now
There s no need for rain
It s our own parade
Let s not be afraid of our reflections
It s not only you
You re looking at now

Let s not get ahead of ourselves now
There s no need for rain

It s our own parade
Let s not be afraid of our reflections
It s not only you
You re looking at now
Who you looking at now
Who you looking at now

No good with faces
And I m bad with names
Gave me directions
But it s all the same
I m lost
I m too tired to try
