[Intro] **Em Am G**  
**Em Am G**

**G C7M**  
Set the phasers to rot  
**G C7M**  
What has got you distraught?  
**Em Am**  
It s negative attention at best

But call it nothing

**G**  
Maybe it s something, a little bit, a little bit  
**G**  
Maybe it s something, do a little bit, a little bit

**Em Am**  
It s all about ascension, I guess  
**G**  
Don t put me to rest

**Em C7M**  
Go on and hand me your clothes (there you go)  
**Em C7M**  
Take a picture or two (two, bad feeling)  
**Em C7M**  
I can see you (oh)

**G C7M**  
Tears falling down at the party  
**G C7M**  
Saddest little baby in the room  
**Em Am**  
Fears, tell me fears, don t get me started  
**G**  
I get a little grey hair for every scare you share

**Em Am**  
Those aren t meant to bend  
**G**  
No, those aren t meant to bend

**G C7M**  
I hear your eyes  
**G**  
And I see those cries

**C7M**

I hear those eyes

**Em**

And I see those cries

**C7M**

**G**

I can't be the only one who hears you

**G**

**C7M**

Tears falling down at the party

**G**

**C7M**

Saddest little baby in the room

**Em**

**Am**

Fears, tell me fears, don't get me started

**G**

I get a little grey hair for every scare you share

**Em**

**Am**

Those aren't meant to bend

**G**

No, those aren't meant to bend

**G**

**C7M**

Tears falling down at the party

**G**

**C7M**

Saddest little baby in my eye

**Em**

**Am**

Fears, tell me fears, don't get me started

**G**

I might die
