

Crystal Clear
Jackie DeShannon

Bb **D#**
Crystal clear is my love, when he s near I m high above
C# **G#** **D#** **Bb**
Everything and everyone that used to bring me down
C# **G#** **D#** **Bb**
Everything I ever need I have when he s around
F **F7** **Gm** **Bb**
And if I harmonise with the song that he sings
F **F7** **Gm**
Then I can realise with the love that he brings
Bb **D#** **F**
All the beautiful things just for me, ohohoho

Bb **D#**
Crystal pure is his heart and I m sure we ll never part
C# **G#** **D#** **Bb**
Knowing that his love is so much more that it would seem
C# **G#** **D#** **Bb**
I can t help and wonder he s he just for me
F **F7** **Gm** **Bb**
And I don t know his name and I don t know if he s real
F **F7** **Gm**
And so I can t explain all the things that I feel
Bb **D#** **F**
That someone might steal him from me, ohohoho
Bb7 **G#** **D#** **D#m** **Bb** **F**
Crystal clear, crystal cle-e-ear, Aaaaaah

Crystal clear is my love, on his wings I fly above
Looking in his eyes I m never sure just what I see
I can t find reflections there of what I thought was me
And in the darkest nights I ve no need for the moon
His eyes are twice as bright and his songs are in tune
He ll come to me soon, wait and see
