Lyrics:

I don t live in a dream
I don t live in a dream
I don t live inside
A land forgotten
I don t live in a dream
No I, I don t live in a dream
I don t live on the moon
Drink martinis in the afternoon
I don t pretend to make
The world feel better
I don t live on the moon
No I, I don t live on the moon
I live right here with you
Walk the same as you do
I don t believe
That we re so different
I live right here with you
Yes I, I live right here with you

Your twisted heart
Is a cruel and wonderful thing
It tears me apart
Hanging on every string
I don't live in a dream

[Organ/Guitar solo]

I don't live in a dream
I don't hustle or scheme
I have my faith in politicians
I don't live in a dream
No I, I don't live in a dream
Ohhh, oh yeah
