Lyrics:

I don t live in a dream  
I don t live in a dream  
I don t live inside  
A land forgotten  
I don t live in a dream  
No I, I don t live in a dream  
I don t live on the moon  
Drink martinis in the afternoon  
I don t pretend to make  
The world feel better  
I don t live on the moon  
No I, I don t live on the moon  
I live right here with you  
Walk the same as you do  
I don t believe  
That we re so different  
I live right here with you  
Yes I, I live right here with you

Your twisted heart  
Is a cruel and wonderful thing  
It tears me apart  
Hanging on every string  
I don't live in a dream

[Organ/Guitar solo]

I don't live in a dream  
I don't hustle or scheme  
I have my faith in politicians  
I don't live in a dream  
No I, I don't live in a dream  
Ohhh, oh yeah
