I keep waiting for my breath To come back never  
So I ve take what I have left Patterns in traffic  
The pulse just like my heart racing the dark

Chorus Chords: (Continue these chords thru rest of the song)

In time to catch you No one should let you  
Go wandering off into the night You re not an orphan.

Right there to catch you I won t forget you

But now you re wandering to the night But you re no orphan.

You re not an orphan

I never thought the day would come

(You re not an orphan)

They tell me that you ve finally run

(You re not, you re not, you re not an orphan)

I guess you always said you would someday

(You re not an orphan)

I never thought the day would come

(You re not an orphan)

They tell me that you ve finally run

(You re not, you re not, you re not an orphan)

I guess they always said you would someday
