

The Resolution
Jack's Mannequin

[VERSE 1]

G **D**
There s a lot that I don t know
 A
There s a lot that I m still learning
 G **D**
When I think I m letting go
 A
I find my body it s still burning
 G **D**
And you hold me down
 A
And you got me living in the past
 G **D**
Come on and pick me up
 A
Somebody clear the wreckage from the blast

[CHORUS]

G **D**
Yeah I m alive
 A **E**
But I don t need a witness
 G **D**
To know that I ve survived
 A **E**
I m not looking for forgiveness
 G **D**
Yeah I just need life
 A **Em**
I ll be lying in the dark
 G **D** **A**
As I search for the resolution

[VERSE 2]

G **D**
And the bars are finally closed
 A
So I try living in the moment
 G **D**
For the moment it just froze

A

And I felt sick and so alone

G D

I could hear the sound

A

Of your voice still ringing in my ear

G D

I m going underground

A

But you ll find me anywhere I fear
