From Silver Lake - Jackson Browne (CD: Saturate Before Using)

Intro:

| D | G | D | G/A |

**G/A** **D**

Did you see our brother

**Asus** **A**

He was here the other day

**F#m** **Bm** **Em**

But he only came to say that he was leaving

**A** **D**

Did you see his lady

**Asus** **A**

She was looking where he'd gone

**F#m** **Bm** **Em**

But she wasn't letting on that she was grieving

**A** **D**

She's bound to go

**G** **A** **D**

Perhaps she'll find him waiting for his boat in some city far away

**A** **G** **D/F#** **Em** **D**

She's bound to go

**Asus** **D** **Asus** **A**

Lately I remember afternoons of smoke and wine

**F#m** **Bm** **Em**

There was nothing we could find but peace and pleasure

**A** **D**

And with a smile he told me

**Asus** **A** **F#m** **Bm** **Em**

That he wanted just to be on his way across the sea no man can measure

**A** **D**

He won't be back,

**G** **A** **D**

And the sun may find him sleeping in the dust of some ruin far away

**A** **G** **D/F#** **Em** **D**

He won't be back

**G** **D**

Early today as I watched while the skyline was shaking

**Asus**

I heard a rumbling

**G** **D**

Early today the mechanical city was waking

**Asus**

And I ran out stumbling, mumbling

**Asus**

**D A**

Out through the laughter of children and dogs

**A**

**D**

Did you see our brother

**Asus**

**A**

He was here the other day

**F#m**

**Bm**

**Em**

But he only came to say that he can't breathe here

**A**

**D**

Did you see his lady

**Asus**

**A**

She was reaching for his hand

**F#m**

**Bm**

**Em**

Just as if to tell her man that she can't either

**A**

**D**

They're bound to go

**G**

**A**

**D**

And the sun may find me running after them, seeing something far away

**A**

**G**

**D/F#**

**Em**

**D**

**G**

**D**

We won't be back

Someone who had been away

Suddenly came back today

and I allowed a hope to stray into my mind

For a moment face to face

We looked back upon the place

Where long ago he went to chase our careless time

Oh, what do you know

Not what I've been feeling

The past is healing so slow

My tomorrow Gone from sorrow
