Repeat intro

Verse 2, same chords

I wanted to live on the realm of the senses you ve got to know how.

And for some kinds of pleasures there are no defenses, I know it now  
Our love is a crackling ladder of lightning, our love is a fire.  
Our love is a wave moving deep in an ocean of need and desire  
Waiting for you  
I have no problem with this crooked world, I play the cards I drew  
Waiting for you  
No problem with the changes life has hurled, my problem is you  
Waiting for you  
Waiting here for you, (waiting for you) waiting here for you.

Verse 3

same chords as above, except that each line starts with the first two bars of the intro.

I need your wonder and I need your light  
I need your tender touch to heal the night  
I need you laughing and i need you free  
And I need to lock you away deep inside of me

**F6**(leave high **D** open) **C**

Waiting for you  
repeat 4 times

I have no problem telling right from wrong, the way that some people do.  
Waiting for you  
I know exactly where these arms belong, my problem is you  
Waiting for you  
Waiting here for you, (waiting for you) waiting here for you.

**F6**(leave high **D** open) **C**

Waiting for you  
repeat 4 times

And I don t worry about the ozone layer, just let those rays come through  
Waiting for you  
When I m outside I keep my clothes on, my problem is you  
Waiting for you  
Waiting here for you  
Waiting for you

And I don t worry about Madonna, or the next thing she might do  
And I don t worry about your Mamma, my problem is you.
