

Rosie
Jackson Browne

[Verse 1]

well, she was standing at the load in, when the trucks rolled up
She was sniffing all around like a half-grown female pup
She wasn't hard to talk to, looked like she had no where to go
So I gave her a pass so she could get in and see the show
Well, I sat her down right next to me and I got her a beer
While I mixed that sound on the stage so the band could hear
The more I watched her watch them play, the less I thought of to say
and when they walked offstage, the drummer swept that girl away

[Chorus]

but Rosie your alright (you wear my ring)
when you hold me tight (Rosie, that s my thing)
when you turn out the lights (I got to hand it to me)
G (let ring) Looks like it s me and you again tonight, Rosie

[Verse 2]

Well I guess I might ve known from the start, she d come for a star
Could ve told my imagination not to run too far
with all the times that I ve been burned, by now you d think I d learned
that it s who you look like, not who you are
