**Em D G F#**  
**Em D**  
She's waiting on she's waiting on that storm to come  
**G F#**  
Into her heart into her heart she's waiting  
**Em D**  
She told me I must hold onto the moment  
**G F#**  
And when the moments over I'll be all alone

**Bm**  
All alone All alone All alone All alone  
Then I'll be all alone

**Em D**  
And like a bird yes like a bird she'll fly away  
**G F#**  
She never said she never said she'd stay here  
**Em D**  
She's waiting on she's waiting on that ship to come  
**G Bm**  
I can not fight I can not fight the ocean

**Bm**  
All alone All alone All alone All alone  
Then I'll be all alone

**Em D**  
Now kiss me on now kiss me on my broken wings  
**G Bm**  
Don't leave me here don't leave me in the water  
**Em D**  
She's waiting on she's waiting on that storm to come  
**G F#**  
And when the rain comes down I will be washed away

**G Bm**  
I hope I hope we meet again  
**G Bm**  
I want I want to hold again  
**G Bm**  
I hope I hope we meet again

**G**

**Bm**

I know I know whats in the rain

**Bm**

**Bm**

All alone All alone All alone All alone

Then Iâ€™ll be all alone
