

Second Chance
Jacob Keplinger

Second Chance
Jacob Keplinger

I m gonna go and live my life
And I promise this time I ll do it right
But if there is no way to win this fight
Then I ll be given a second chance tonight
I ll be given a second chance tonight

When the waves break up
The whole world wakes up
When I feel like the whole planet is upside down
It makes me dizzy
When I feel the way
You can save the day
Cuz I know how it goes when everything's upside down
Making me crazy

Oh
I know
Oh
I need to go
Oh
I have to find a way

CHORUS

When the opening act falls
