And the love of my life singing that s the way love goes  
I m doing (C) alright

I ain t (D) got no worries for miles around  
Got a (C) dream come true right here right now  
I m doing (G) alright

I got the windows down and a cool southern breeze  
And a one in a million sitting next to me

But when she s (G) loving on me I forget all that

I m doing (C) alright  
I m doing (G) alright  
Her whisper is sweeter than the words that she said  
As she leads me upstairs to that big brass bed  
I m doing (C) alright  
I m doing (G) alright  
I ain t (D) got no worries for miles around  
Got a (C) dream come true right here right now  
I m doing (G) alright
