

Built

Jacob Whitesides

[Verse 1]

G
Are we lovers or glorified roommates?
Em D C
Cuz It feels like weâ€™re playing pretend.
Am Em
When I walk through the door we donâ€™t fight anymore,
Am D
We fake smiles cuz we know itâ€™s the end.

[Verse 2]

G
So whyâ€™s it so hard to just let go?
Em D C
We just canâ€™t see ourselves on our own.
Am Em
So we fight and then break up, kiss, we make love.
C D
We just canâ€™t be lonely alone.

[Verse 3]

Em D G
We climbed over walls but made hills,
G D C
We filled our foundation with guilt.
Em D G
Our roof is on fire and it kills.
Am D G
Now weâ€™re stuck in this house that we built.
