

Uh Huh

Jade Bird

For the bridge Jade plays Asus4/E: 002230 and hammers off and on to: 000030
* In the chorus Jade plays G and A barred chords. For the first three lines the second guitar plays a D triad (or E without capo), or F# octaves live (G# without capo). This gives Gmaj7 overall, so you can play either that or the straight G (or Gmaj9 but it may be hard to find a good voicing for that).

Gmaj7 3x0002

G/F# 2x0033
