**F# Bsus2**

**Ebm Bsus2**  
and if i sang it in the right key and i asked you politely  
**F# Bsus2**  
for you to find a way home.

i find it difficult to sleep when all the walls they just seem to speak to me.  
**C#**  
and its kind of funny that i laugh because my hearts so fucked up  
**Bsus4**  
i can barely stand the sights and sounds of the cars outside, the red and  
greens on the traffic lights. the only thing i got is this, the only thing i  
want is this...  
memories that make me smile, a girl to stand there so she can admire the way  
i can never ever really keep my hands to myself. but the alcohol it taste  
so sweet, when its mixed with lies and defeat of all the battles i lost and  
lost again.

**F# Bsus2**  
but what if you were the secret, and i didn t see it  
**F# Bsus2 C#**  
and i swear to god i wish these thoughts of mine  
**Ebm Bsus2**  
could create the sunshine as beautiful as your eyes  
**F# Bsus2**  
I d paint this night sky.  
**Ebm Bsus2**

**F#**
