**B** **E**  
If you step outside today, could you breathe a bit for me  
**G#m** **F#**  
And let me know just how it feels to be  
**B** **E**  
alive and doing well, not afraid to kiss and tell.  
**G#m** **E**  
Let me know just what I m fighting for.

**B** **E** **G#m**  
Don t blink, don t breathe, just lay with me.  
**F#**  
I promise it s not over.  
**B** **E** **G#m**  
If I fall tonight, it will all be alright.  
**F#** **E**  
I promise it s not over. This is not goodbye.

**B** **E**  
I ll be up here smiling down, and at first you ll wait around,  
**G#m** **F#**  
but I hope that one day you ll learn to carry on.  
**B** **E**  
And I ll watch our children grown, and I hope you let then know,  
**G#m** **F#**  
of their daddy who s been watching all along.

**B** **E** **G#m**  
Don t blink, don t breathe, just lay with me.  
**F#**  
I promise it s not over.  
**B** **E** **G#m**  
If I fall tonight, it will all be alright.  
**F#** **E**  
I promise it s not over. This is not goodbye.

**E** **F#** **E** **F#**  
And I want you to know that when you feel alone.  
**G#m** **B** **E** **F#**  
I ll be smiling down, lookin out for you. For you.

**B** **E**  
If you step outside today, could you breathe a bit for me  
**G#m** **E**  
And let me know just what I m fighting for.

**B** **E** **G#m**

Don t blink, don t breathe, just lay with me.

**F#**

I promise it s not over.
