

Used To Be
Jake La Botz

Jake La Botz - used to be (tabs and lyrics by Nickey Whitfield)

(Capo on 3 fret)

Basically **D - A - G**

D
I used to have a woman in my home

A
Long long time ago

A
And I still recall that gal

D
Though she s been a long time gone

G
She might have stayed

D
But what I had to give

G
Was more like love

D **A**
Now all I have

G **D**
Is a used to be and ain t no more

I used to have music in my home
Long long time ago
And I still recall that song
Though it s been a long time gone
I try to sing it yet
But it comes out in soughs and moans
And now all I have
Is a used to be and ain t no more

A
Well, there used to be pictures upon the wall
G **G7** **D**
And there used to be kids runnin round in the hall

A
And there used to be more than just one chair
G **G7** **D**
Cause when I had friends they would visit me here

G
And there used to be a cross made of gold
D **G**

Hanging on the mirror that I since broke

D **A**

But now all I have

G

D

Is a used to be and ain t no more

They used to bring mail to my home

Long long time ago

And I still recall those letters

Though they ve been a long time gone

But how can they bring the mail

When the numbers on the house are gone

And now all I have

Is a used to be and ain t no more

I used to have a bible in my home

A long long time ago

And I still recall that book

Though it s been a long time gone

And it s been so long since I called the lord

I m afraid he won t respond

And now all I have

Is a used to be and ain t no more
