

Day Without Your Love
Jake Miller

Hi guys! This is my first tab ever, and it s not an acoustic song, but the version I wrote for the acoustic guitar goes like this! Sorry if it s not perfect, and I make up the strum pattern for however I decide to play it then :) All C s in the verses can be replaced with Am s if you want it to be more dissonant like the rap.

Capo 3

Am
She took my heart when I was 15
D
I love everything about you
Am
Now I honestly can t see
D
Going a single day without you

Chorus:

Am
You are the air I breathe,
Am G
You are my everything,
Am G
Baby come and follow me
Am D G
To the end of the world,
Am G D Am
I won t live a day without your love,
Am G D Am G Am
I won t live a day without your love, whoa-oa-oa.

Verse 1:

Am C Am C
Now I been flippin through the dictionary trying to find
Am C Am C
The proper words that I could use to tell you what s on my mind
Am C Am C
But baby this time its different and for me its a first
Am C Am D
Cause now I m sittin here with nothin but a loss for words
Am C Am C
It s like you reset my heart and then erased my brain
Am C Am D
The only thing thats not deleted in my head is ya name

So doctor please gimme some Aderal I m havin trouble concenratin
She hypnotized me, mastered the art of captivatin
So there ya go, bravo, congratulations
A massive understatement if I said my heart was taken
Cause now I m hooked ill admit my hearts your puppet
I don t know how you did it but I love it cause...

Chorus:

You are the air I breathe,
You are my everything,
Baby come and follow me
To the end of the world,
I won t live a day without your love,
I won t live a day without your love, whoa-oa-oa.

Verse 2 (same chords as verse 1):

I told myself a while ago I d never let this happen
You re way to young to fall in love, just concentrate on rappin
But then you came along, and all my plans rearranged
And then suddenly, everything changed
Now you re my world my sun my moon and everythin between em
Some people kinda skeptical but baby we don t need em
We could run away, and never come back
Yeah we could leave today, pick anywhere on the map
As long as your by my side I gotta smile on my face
But when you gone girl I swear that I feel so outta place
I ve know you ve heard it before I can t say it enough
I couldn t live a single day without your love, because...

Chorus:

You are the air I breathe,
You are my everything,
Baby come and follow me
To the end of the world,
I won t live a day without your love,
I won t live a day without your love, whoa-oa-oa.

I won't live a day without your love, whoa-oh-oh.
