G
Today I met a man, sittin on the corner
D
He was holdin out his hand, had a couple quarters
Em
That he saved up in a can, I think i heard him whisper that you ll
D
never understand
                                               G
Damn, no place to call his home said he lives alone so he s forced to roam
D
With a shopping cart filled to the top with every thing he owns
Em
A smile on his face, yep there he stood
D
He was holdin up sign sayin life is good
G
Man, I wonder what it d be like, a day in his shoes
D
I guess when you got nothin , you got nothin to lose
Em
He said boy, don t you pity me, I m still standin tall
D
As a matter of fact, I got it all

I got life, I got love
I got faith and that s enough
We feel sorrow, we feel pain
But there s sunshine after rain
So I m alright (you ll be fine, take it one day at time)
So I m alright (said you ll be fine, take it one day at time)

Today I met a man makes a couple hundred grand
Always stressin out got 2 cell phones in his hand
Lives the country club life, think he s on his 3rd wife
Never makes it home for dinner cause he s workin every night
5 cars in the garage, 4 he s never drivin
Always wantin more than just the life that he s been given
Gotta strange obsession with material possessions
Now he s always poppin Prozac to battle his depression
He s got everything he s ever wanted, and he s always tryin to flaunt it
But now it s all comin back to haunt him

Mistaken want s important in life for all the pointless stuff
For some people, everything s just not enough

I got life, I got love
I got faith and that s enough
We feel sorrow, we feel pain
But there s sunshine after rain
So I m alright (you ll be fine, take it one day at time)
So I m alright (said you ll be fine, take it one day at time)

You gotta keep goin , never give it up
You only live once, might as well live it up
Every breath I take is a reason to believe
That the finest things in life, came to me for free
Said you gotta keep goin , never give it up
You only live once, might as well live it up
Every breath I take is a reason to believe
That the finest things in life, came to me for free

I got life, I got love
I got faith and that s enough
We feel sorrow, we feel pain
But there s sunshine after rain
So I m alright (you ll be fine, take it one day at time)
So I m alright (said you ll be fine, take it one day at time)
