

**Apple Pie Moonshine**  
**Jake Owen**

Intro.: |(G) |(D/F#) |(Em)(F)|(C) ---

Well, I a-(G)pologized when I picked her up, said (D/F#)this old truck is just a fixer up  
She (Em)smiled and said hey that s ok, just a (C)couple letters missing from the (D)Chevrolet  
I pulled (G)out of her country club neighborhood, she was (D/F#)over there looking so damn good  
And I was (Em)feeling every bit of my side of the tracks, but (C)she took care of that

(Chorus)

When she (D)pulled out that (G)moonshine tasted like an (D)apple pie  
We were (Am)wishing and kissing and sipping that (Bm)stuff, (C)sho nuff messing me up  
Till I (D)couldn t tell the (G)moonlight from the (Dm7)stars in her eyes  
I never felt (Am)so fine, caught up in a (C)good time between (D)her and that apple pie (G) moonshine

Well we were (G)dancing around in the high beams, her (D/F#)hands in the back pockets of my jeans  
The (Em)radio playing the perfect song, I still (C)think about her every time the (D)thing comes on  
And I (G)never forget that first kiss when a (D/F#)country boy got to hold a real princess  
I can (Em)still taste the cinnamon on her lips, every (C)time I reminisce

(Chorus)

It s (D)sweeter than (G)moonshine tasting like an (D)apple pie  
We were (Am)wishing and kissing and sipping that (Bm)stuff, (C)sho nuff messing me up  
Till I (D)couldn t tell the (G)moonlight from the (Dm7)stars in her eyes  
I never felt (Am)so fine, caught up in a (C)good time between (D)her and that apple pie (G) moonshine
