

Summer Jam
Jake Owen

This is a super simple song to play acoustic. The whole thing is just the same chords repeating. I went ahead and put them over the chorus for yall, but the verses you can do by feel. The verses are done rap-style, so play them rhythmically and put your own spin on em. Enjoy!

-----SUMMER JAM BY JAKE OWEN FEAT. FLORIDA GEORGIA LINE-----
CAPO 1st Fret

Youre the flops on my feet

You a skinny little dip in the creek

Youre the shades that hide the rays
Youre even sweeter than my sweet nannys lemonade
yeah youre hotter than a tiki
midnight sneaky
Out my back window, girl,
you comin out to meet me, yeah

Chorus:

D **A**
Turn it up girl, Youre turning me on

I wanna spin you like a record
