

**Summer Jam**  
**Jake Owen**

This is a super simple song to play acoustic. The whole thing is just the same chords repeating. I went ahead and put them over the chorus for yall, but the verses you can do by feel. The verses are done rap-style, so play them rhythmically and put your own spin on em. Enjoy!

-----SUMMER JAM BY JAKE OWEN FEAT. FLORIDA GEORGIA LINE-----  
CAPO 1st Fret

Verse Chords: **E B A B**, repeat

Verse 1:

Youre the flops on my feet  
the top down on my jeep  
Youre the watermelon sticky-lip  
kiss on my cheek  
Youre the kick in the cup  
pretty girl, you know whats up  
You a skinny little dip in the creek

Youre the shades that hide the rays  
Youre even sweeter than my sweet nannys lemonade  
yeah youre hotter than a tiki  
midnight sneaky  
Out my back window, girl,  
you comin out to meet me, yeah

Chorus:

**E** **B**  
Turn it up girl, Youre turning me on  
**A**  
I wanna spin you like a record  
**B**  
here forever long  
**E**  
You know Im digging what youre doing

You aint a 7, 8, 9,  
naw, Girl youre a dime

Youre the shades that hide the rays

when Im chilling on the lake  
Yah you finer than fine,

youre the fireworks flyin on the fourth of july  
So Come On!
