

The One That Got Away
Jake Owen

Tune One Full Step Down

Verse 1

G	D Bm7 A	G	D Bm7 A
She rolled in		in my little sandy town	
She spent the summer there		a couple houses down	
There was magic in the air		when she caught my eye	
We shared three short months		and one long goodbye	

Chorus

G	D Bm7 A	G	D Bm7 A
She was the one that got away		That one that broke my heart	
I shoulda never let go		I shoulda begged her to stay	
Yeah the one that got away			

Verse 2

G	D Bm7 A	G	D Bm7 A
She kissed my lips		Down on Ocean Drive	
Set my world on fire		On the forth of July	
We wrote our names in the sand		Under a star soaked sky	
But they washed away like she did		With the rising tide	

Chorus

Bridge

G	A
Now every summer that rolls around	I m looking over my shoulder
Wishing I can see her face	Wishing I could hold her

Chorus
