

Everything Ill Ever Need

Jake Shears

[Intro]

Em Bm Dm Am (2x)

[Verse]

Em **D** **Dm** **C**
Sometimes I feel like Iâ€™m a stranger to myself
Em **D** **Dm** **A**
Walk past a mirror and think Iâ€™m someone else
Em **D** **Dm** **E**
Not sure just who I am without you anymore
Am **C B**
But thatâ€™s alright, still ainâ€™t opened every door
Em **D** **Dm** **C**
Stuck in your fishbowl where I swam so aimlessly
Em **D** **Dm** **A**
One streamlined vision with a goldfish memory
Em **D** **Dm** **E**
One day you threw me back and found another kind
Am **C B**
But thatâ€™s alright, thereâ€™s an ocean in my mind

C Dm Ebm Em

[Chorus]

F **Bb F Gm**
I got everything Iâ€™ll ever need
F **Bb**
Couldnâ€™t find the answer when I lost you to the breeze
Gm7 **C7**
Why keep waiting on your affection
Gm7 **C7**
Loveâ€™s inside of me
Bb **C** **F**
Iâ€™ve got everything Iâ€™ll ever need

F
I sleep with pillows piled around me like a cloud
F
Pretending that theyâ€™re you has never made me proud
Bb
Maybe itâ€™s just a phase
Bb
I fold my hands and pray for better days

F
These things I see when I sit staring at the walls
F

Iâ€™m watching epic costume drama scenes unfold

Bb

Maybe Iâ€™ve lost my mind

Bb

But thereâ€™s no black or white

G

Gradations undefined

Bb

Whyâ€™s the light so bright when love is blind?
