The fights, those nights
I tried to pretend it don t hurt

G

The way, I prayed
Someday that you would love me

D

Really, completely
Just how I wanted it to be

G

But no, so wrong
Can t believe I stayed with you so long

[B-Chorus:]

A

You hit, you spit, you split, ever-y bit of me, yeah

Em

You stole, you broke, you re cold
You re such a joke to me, yeah

[Chorus:]

D

For every last bruise you gave me

G

For every time I sat in tears

D

For the million ways you hurt me

G

I just wanna tell you this

D

G

You broke my world, made me strong

D

Messed up my dreams, made me strong

D

[Verse 2:]

My head, near dead
Just the way you wanted it
My soul, stone cold
Cos I was under you re control
So young, so dumb
Knew just how to make me succumb

But I understand
To make yourself feel like a man

[B-Chorus:]
You hit, you spit, you split, ever-y bit of me, yeah
You stole, you broke, you re cold
You re such a joke to me, yeah

[Chorus:]
For every last bruise you gave me
For every time I sat in tears
For the million ways you hurt me
I just wanna tell you this
You broke my world, made me strong
Thank you
Messed up my dreams, made me strong
Thank you

Softly strumming: **D,G**

You coulda had it all babe
It coulda been so right
I woulda given you everything
Morning through night
Yeah, you taught me some lessons
Those are my blessings
That won t happen again
Thank you
