James is such a talented guy and i love him and his music!

[Chorus]

I m Faded, I m Faded, I m not sure if I can make it,
Ohhhhhh no,
But don t you cry for me, honey I m not worth it, oh honey I m not worth it,
Oh honey I m not worth it, don t you cry for me... Yeah ohhhhh no...

[Verse 1]

Yeah, Yeah
I m skipping through the days to come home, a million conversations
Auto pilot stay flow, and I m on my one man mission, Eyes down, take note,
I ve never liked you, stay away from me, don t rock the boat.
This is the great escape from everything I ve ever hated, from all this figuring, life
shit that s got me jaded, faded all the time, and the doubt that got me underrated,
This is my mechanism moving forward, isolated,
Belated superficial gestures of a phony type, I come alive when I m in castrated late at
night, I wish that I could leave this soul destruction every night, that I could be
crest in an able body prototype
If that made sense, I d leave him here, I handle less the business, I m in material but
I still got things on the wish list, this is desire, cant you hear it in my sleepless
English, I love the finer things but that s not being realistic, ballistic,
Everybody goes when I m singing, I m sick of singing, playing, so I m free broke,

winging, it coming out my heart, purer then the way I m living, maybe i ll see her, or maybe
i ll just give in...

Yeah

[Verse 2]

Its just too much now, that I all grown up, I ve been dragged through the dirt, now I
should be blowing up, still I m blowing, still I m blowing, an still I don t know where
the hell i should be going.... So I guess it s just
Live like this, till my mind goes sap, no love, no drug, could ever fill this gap, yeah
I live for the high, till it all floods back, like the tears of the years, that I cant
get back.

[Chorus]

I m Faded, I m Faded, I m not sure if I can make it,
Ohhhhhh no,
But don t you cry for me, honey I m not worth it, oh honey I m not worth it,
Oh honey I m not worth it, don t you cry for me... Yeah ohhhhh no...
