I Need A Friend by James Arthur

Cadd9 **D/F#**
I need a friend, who sticks by me through all of my sins, who uncomplicates
Cadd9 **G** **D/F#**
the complicated things. Is there such a friend?
Cadd9 **D/F#** **Cadd9**
A friend who tells me Iâ€™m not crazy, someone who will pick me up daily. Cause
G **D/F#**
god only knows, Iâ€™ve been on my knees too long.

G **D/F#**
Iâ€™ve been leaning, on bricks that wonâ€™t protect me, I guess Iâ€™m just too
Em7 **D/F#** **Cadd9**
heavy, they resent me cause they donâ€™t wanna help me.

G **D/F#**
I know Iâ€™m not the only one, whoâ€™s got demons that may haunt me, and I
donâ€™t
Em7 **D/F#** **Cadd9**
wanna face them all alone

Cadd9 **D/F#** **Cadd9** **G** **D/F#**
I need a friend, I need a friend, I need a friend, I need a friend.

Cadd9
Pickup the phone like it s your duty, you got such an inner beauty, you`re the
D/F# **Cadd9**
opposite of me, these delusions I donâ€™t read. Feel the need to keep me clean,
G
cause you know that I`ll achieve all my dreams, you`ll
D/F#
redeem my short comings.

Cadd9 **D/F#**
Iâ€™ve been waiting for my commons to ignite another drama can you deal with
Cadd9 **G**
all of that, can you deal with all of that? Is there such a friend? Is there
D/F#
such a friend?

G **D/F#**
Iâ€™ve been leaning, on bricks that wonâ€™t protect me, I guess Iâ€™m just too
