

Maybe

James Arthur

C

I don't know what's going on

Am

Where you came from and why it took so long

F

All I know is that I feel it like it's the realest thing, I mean it

C

Something changed when I saw you

Am

Oh, my eyes can't lie you said, they're so damn blue

F

C

And I love how you're so forward is it too soon to say I'm falling?

C

Am

So maybe maybe we were always meant to meet

Am

Like this was all our destiny

F

Like you already know your heart will never be broken by me

C

Am

So is it crazy for you to tell your friends to go on home?

Am

So we can be here all alone

F

C

Fall in love tonight and spend the rest of our lives as one

C

I should take your hand and make you come with me

Am

Away from all this noise and impurity

F

cause I feel like you're too perfect and I don't mean just on the surface

C

So don't be scared, I am too

Am

cause this chemistry between me and you

F

C

Is too much to just ignore it so I'll admit it now, I'm falling

C

Am

So maybe maybe we were always meant to meet

Am

Like this was all our destiny

F

C

Like you already know your heart will never be broken by me

C

Am

Oh, is it so crazy for you to tell your brothers about me?

Am

Here s hoping they ll protect ya

F

But i ll look them in the eye and tell them you and i will be as

C

One

C

You and i

Am

You and i as one

F

You and i as one

F

You and i

C

You and i will be as one

C

Am

Oh darling, you and i will be as one

F
