

## Skeletons

James Arthur

[Verse 1]

**Dm**

This hidden thing

**B#**

That you don't see

**F**

They call them skeletons

**C**

Don't be scared of them

**Dm**

Cause you're still you

**B#**

And I'm still me

**F**

It's all irrelevant

**C**

We all got skeletons

[Pre-Chorus]

**Dm**

You could tell me everything

And then we could forget it

**B#**

Baby, you could show me all your demons in a minute

It could be a battle

**C**

When the words come back around, around

**Dm**

We don't ever get to tell a lie

And then relive it

**B#**

I could show you demons

Only you could take a minute

**F**

Show me that you'll be there

**C**

When the walls come crashing down

[Chorus]

**Gm**

When you're holding back the words

**B#**

Cause you re afraid of being hurt

**Dm**

Just let love in

**C**

Just let love in

[Verse 2]

**Dm**

Sink or swim

**B#**

What will it be?

**F**

We all got skeletons

**C**

Set them free

**Dm**

But now I m over it

**B#**

And I m under you

**F**

So tell me everything

**C**

Take a trip to the moon

[Chorus]

**Gm**

Oh, when you re holding back the words

**B#**

Cause you re afraid of being hurt

**Dm**

Just let love in

**C**

Just let love in

**Gm**

Oh, we re only skin and bone

**B#**

We don t have to be alone

**Dm**

Just let love in

**C**

Just let love in

[Bridge]

**Dm**

You could tell me everything

And then we could forget it

**B#**

Baby, you could show me all your demons in a minute

**F**

It could be a battle

**C**

When the words come back around, around

**Dm**

We don't ever got to tell a lie

And then relive it

**B#**

I could show you demons

Only you could take a minute

**F**

Tell me that you'll be there

**C**

When the walls come crashing down, down

[Chorus]

**Gm**

Oh, we're only skin and bone

**B#**

We don't have to be alone

**Dm**

Just let love in

**C**

Just let love in

**Dm**

I just let love in

**C**

Just let love in

[Chorus]

**Gm**

Oh, when you're holding back the words

**B#**

Cause you're afraid of being hurt

**Dm**

Just let love in

**C**

Just let love in

**Gm**

Oh, we're only skin and bone

**B#**

We don't have to be alone

**Dm**

Just let love in

**C**

Just let love in

**Dm**

I just let love in

**C**

Just let love in
