Stronger
James Arthur

[Intro] **B F# C#**

```
D#m                              F#
You know the bed feels warmer
                     C#
Sleeping here alone
D#m                        B
You know I dream in colour
F#                      C#
And do the things I want
```

```
D#m                              B
You think you got the best of me
                             F#
Think you had the last laugh
                                    C#
Bet you think that everything good is gone
D#m                        B
Think you left me broken down
                             F#
Think that I d come running back
                                      C#
Baby you don t know me, cause you re dead wrong
```

```
                          D#m
What doesn t kill you makes you stronger
                       B
Stand a little taller
                            F#
Doesn t mean I m lonely when I m alone
C#                             D#m
What doesn t kill you makes you fighter
                B
Footsteps even lighter
              F#                               C#
Doesn t mean I m over cause you re gone
```

(**A# D#m Bm F# F**)
(**D# B F# C# Fm**)

```
                          D#m
What doesn t kill you makes you stronger
                B
Stand a little taller
                  F#
Doesn t mean I m lonely when I m alone
                              D#m
```

```
What doesn t kill you makes you fighter
                  B
Footsteps even lighter
                    F#
Doesn t mean I m over cause you re gone
C#                                D#m        B
What doesn t kill you makes you stronger, stronger
      F#
Just me, myself and I
C#                              D#m
What doesn t kill you makes you stronger
              B
Stand a little taller
                  F#
Doesn t mean I m lonely when I m alone

C#                                      D#m
What doesn t kill you makes you...      stronger
```
