(Capo on 3)

[Verse 1]
```
Em                          G
We clawed, we chained our hearts in vain
      D                   C
We jumped never asking why
     Em              G
We kissed, I fell under your spell
     D                 C
A love no one could deny
```

[Pre-Chorus]
```
C                       Em
Don t you ever say I just walked away
G                 C
I will always want you
C                     Em
I can t live a lie, running for my life

I will always want you
```

```
               G           D

I never hit so hard in love
               G             D
All I wanted was to break your walls

Yeah, you, you wreck me

And instead of using force
                                 C
I guess I should ve let you win

I never meant to start a war
                                 G
I just wanted you to let me in
