

Get Out While You Can
James Bay

[Intro] G C Em C D

I ve been looking all night watching them empty hours
Invisible to these crowds, always double vision
I ve been losing my mind listening to broken speech
Stacking up broken seats, it s a lonely picture

And I hear your voice as it echoes round my head
Always that same thing that you said

Get out, get out, while you still can
Don t let the night slip through your hands
The world is wide from where you stand, so -
Get out, get out while you still can
Ooh ooh, ooh ooh

As I m sweeping up glass, I see the exit lights so green
There s people falling into the streets, something comes together
I ve been here too long and if I stay, they ll tie me down
I know this chance won t hang around, so I m gone forever

And I hear your voice as it echoes round my head
Always that same thing that you said

Get out, get out, while you still can
Don t let the night slip through your hands
The world is wide from where you stand, so -

G
Packing up my suitcase, racing down forgotten streets
Em
Making my tracks along the cracks in the concrete
C
Seeing those headlights shining down upon my feet
G
If you find me, you will find me on the run

For all the bleeding hearts pushing round the stubborn cards
Em
 I ve seen the cleaner glass, I ve seen the faster cars
C
 And I don t need your heavy hours, I don t need your lonely bars
G
 I m ejected like a bullet from a gun

So take your final look at me, maybe even take my hand
Em
 Stay on the staircase, come and chase the master plan
C
 Long way to get away, play it like a grand slam
G
 This is no encore, we have only just begun

G C
So get out, get out, while you still can

Em C D
Don t let the night slip through your hands

G C
The world is wide from where you stand, so

Em D C D
Get out, get out while you still can

G Em C G
Ooh ooh, ooh ooh, ooh ooh, yeah-eah

G Em C G
Ooh ooh, ooh ooh, ooh ooh, yeah-eah
