

**Heavy Handed**  
**James Bay**

**F C F C**

**F**

It s only getting harder

**C**

Talking to you without falling down

**F**

And this house keeps getting darker

**C**

We used to love, now all we do is shout

**Am**

If we re cutting any corners

**C**

There s still a chance to make it right

**A**

**C**

So let s put our heads together

**F**

Before we lose our mind

**C**

**Am Em**

**F**

Have I been holding on too strong?

**F**

**C**

**Em Am**

**F**

Maybe I m coming off all wrong

**C**

**Em Am Em**

**F**

Is it our heavy handed love

**G**

**F**

Keeping us from moving on?

**C G**

**F**

Feels like I m treading the water

**F**

**C**

Trying to keep my head above the line

**C**

I hear the sound of you get softer

**C**

**F**

Lately you ve been just so hard to find

**F**

And there s nothing I want more now

**F**

**C**

Than to say the perfect words

**C**

I try to make it better

**C**

But the trying only hurts
