

Peer Pressure

James Bay

E

Seven texts, 2AM

C#m A

Halfway dressed, all saying, Call me up

E

You can't sleep, you're testing me

C#m A C#m B

Bad but sweet and I'm just tryna keep it together, oh

B

And now you're sayin

E B C#m B A

Put your hands on my body just like you think you know me

A

Want your heart beating on me, don't leave me hot and lonely

E B C#m B A

I don't usually give in to peer pressure

A E B C#m B A

But I'll give in to yours

E

When we met, innocent

C#m A

Now I'm dead every time you're touchin' me

E C#m

You're dancing around on my mind every second

A

I'm under control till you're in front of me

E C#m

Maybe I'm scared, I don't care, I'm addicted

A

I'm in it

A

And you say

E B C#m B A

Put your hands on my body just like you think you know me

A

Want your heart beating on me, don't leave me hot and lonely

E B C#m B A

I don't usually give in to peer pressure

A

But I'll give in to yours

E B C#m B

So I give you my everything and you keep on teasing

A

With that look in your eyes cause you know I believe it

E **B** **C#m** **B** **A**
