

Rescue

James Bay

F#m **A**
I found you all alone
D **A**
I came to warm your bones
D **A** **E**
There were twenty million tears in your hands
F#m **A**
You found me in the dark
D **A**
You came to heal my scars
D **A** **E**
I was slipping, sinking through the sand

F#m **A** **D** **A**
They say the more you love the harder you fall
F#m **A** **D** **A**
But I would rather hurt than nothing at all
F#m **A** **D** **A**
Through the good, through the bad, through the lonely
Bm **D**
I always rescue you, you always rescue me

F#m **A**
We never draw the line
D **A**
But only cause you re mine
D **A** **E**
Only cause you promise me I m yours
F#m **A**
You made me fall apart
D **A**
My song to get to her
D **A** **E**
Is there though when you re walking through the door
Bm **D** **A**
You know you keep me alive, oh

F#m **A** **D** **A**
They say the more you love the harder you fall
F#m **A** **D** **A**
