

Wild Love

James Bay

[Intro] D Bm G G
A Bm G G

Don t know what to say to you now
G D
Standing right in front of you
A Bm
Don t know how to fade in and out
G D
Don t know how to play it cool
A Bm
Losing a little guard, let it down
G
We don t have to think it through
D
We ve got to let go

I wanna give you wild love
Bm G
The kind that never slows down
A
I wanna take you high up
Bm G
Let our hearts be the only sound
A Bm G Bm
I wanna go where the lights burn low and you re only mine
A Bm G
I wanna give you wild love

A Bm G D
Tried to call you, to feel you close
A Bm
From a runway in Tokyo
A Bm
Let s leave the atmosphere, disappear
G D
There s always something left to lose

A
I wanna give you wild love
Bm G
The kind that never slows down
A
I wanna take you high up
Bm G

Let our hearts be the only sound

(**A** **Bm** **G** **G**)

A **Bm**
Let s be reckless, unaffected

Running out until we re breathless
A **Bm**
Let s be hopeful, don t get broken

And stay caught up in the moment

I wanna give you wild love
Bm **G**
The kind that never slows down

Let our hearts be the only sound
