You re getting older
             C
Your journey s been
               G   **D/F#**
Etched on your skin

  Em
Simona
            Em7
Wish I had known that
              C
What seemed so strong
          D   **D#°**
Has been and gone

        Em
I would call you up every saturday night
           Em7
And we d both stay out til the morning light
       C   **G**   **D/F#**
And we sang, here we go again
     Em
And though time goes by I will always be
   Em7
In a club with you

In nineteen seventy three
                G   **D/F#**
Singing here we go again

The rain has gone

I guess it s over
            C
My memory plays our tune

The same old song

          Em
I would call you up every saturday night

And we d both stay out  til the morning light
          C                      G         D/F#

In nineteen seventy three
