James Blunt

(intro) E C#m

E C#m G#m
Can t you hear that lonely symphony
A B E
It s playing just for me
E C#m G#m
It s the same old misery
A B
Trying to bring me down
E C#m G#m
And I just wanna cry out loud
A B E
And tell you how I feel
E C#m G#m
Seeing your face in every crowd
A B C#m
is making my heart beat harder.
C#m G#m
For the chance to be near you
A
and whenever I see you
B
and there s nothing can hold me down.
E A B
Oh Anna Julia
E A B
Oh Anna Julia
E C#m G#m
All the guys that follow you around
A B E
are trying to catch your eye
E C#m G#m
They just think that I?m a clown
A B E
I m crazy to even try
E C#m G#m
But when I see you on the street
A B E
My whole world starts to change
E C#m G#m
Then the blood beneath my feet
A B C#m
starts burning me up like a fire
G#m
and I feel like I?m falling
A

That s when I hear you calling

B

Hold my breath and look around.

E A B

that your love?s not for me
