

Miss America
James Blunt

Intro: **Em G D A** (2x)

Em G
Did someone give you something
D A
To help you ease the pain?
Em G
Like the liquor in the bottle

We watched you slip away
Em G
And I feel as if I know you
D A
Through the bars of a song
Em G D
Always surrounded but alone

Chorus:

C G
But no goodbyes
D Em
You ll always be Miss America
C G D Em
We watched you fly, but nothing s free Miss America
C G D Em
And as you fall apart, we just call it art
C G D
Was it so hard to breathe?

Em G D A
Was the picture in the paper not the face you recognise?
Em G
Did the make up never make up
D A
For the pain behind your eyes?
Em G
And I feel as if I know you
D A
When you re on my silver screen
Em G D
But I don t know the dark places that you ve been

Chorus:

C G
But no goodbyes

 You ll always be Miss America

C **G9** **G**
 Does another voice sing in heaven s choir tonight

 I m sure it s enough to make me cry
