

Smoke Signals

James Blunt

F#m **E**
One by one; they pass me by
Bm **E**
And I've used up my supplies
F#m **E**
Out of water; out of hope
Bm **E**
Can't make fire; only smoke

Bm
Here I am alone in silence
F#m
Cast away on a desert island
D **E** **E7**
A traveller in ocean; lost at sea

A
Smoke signals in the night sky
A
Hope you see me as you pass by
E
I'm screaming from the cliff top
E **Bm**
You're the only one I've got to rescue me, to rescue me
Bm
Why can't you see? Why can't you see?
D
I don't think that I'll survive

I'll die here without you
E
Oh, I can't live without you
