

Time Of Our Lives
James Blunt

[Intro] C

C

Don t close your eyes, dear, don t you
Be nervous
You put these hold down place in
Despair
I see your friends here, and some of
Them jealous
Cause they know this love don t come
Off the shelf
I saw your mother, she looked so
Beautiful
Member when she didn t think I would
Stay?
But all of those late nights
Breakfasts and dinners
Led us to where we re standing today

Am

I m feeling time moves slow

F

I m seeing faces glow

C

None of them shine as bright

G

As you tonight

Am

I m hearing voices hush

F

There s no one else but us

C

Darling, there s so much love

G

Under these lights

[Bridge]
