

**Time Of Our Lives**  
**James Blunt**

[Intro] C

C

Don t close your eyes, dear, don t you  
Be nervous  
You put these hold down place in  
Despair  
I see your friends here, and some of  
Them jealous  
Cause they know this love don t come  
Off the shelf  
I saw your mother, she looked so  
Beautiful  
Member when she didn t think I would  
Stay?  
But all of those late nights  
Breakfasts and dinners  
Led us to where we re standing today

Am

I m feeling time moves slow

F

I m seeing faces glow

C

None of them shine as bright

G

As you tonight

Am

I m hearing voices hush

F

There s no one else but us

C

Darling, there s so much love

G

Under these lights
