[Verse 1]

**G**  **D**  
Jesse doesn't dream, she doesn't care  
                  **Am**  **C**  
She wakes up and does her hair  
                  **G**  **D**  
And now she's going door to door  
                  **Am**  **C**  
I wonder what she's looking for  
                  **G**  **D**  
Scotty beam me up to where you are  
                  **Am**  **C**  
Sometimes I wonder if you've gone too far  
                  **G**  **D**  
And everybody says you lost your mind  
                  **Am**  **C**  
Did you really leave the past behind?

[Chorus]

**G**  **D**  **Am**  **C**  
I'm a kid in Franklin Park, I fear I'm floating Noah's Ark  
                  **G**  **D**  **Am**  **C**  
I love my friends with all my heart and they don't care  
                  **G**  **D**  **Am**  **C**  
Lord I'm bringing them to you from this place they call the zoo  
                  **G**  **D**  **Am**  **C**  
I'm a kid in Franklin Park and life's not fair

[Verse 2]

**G**  **D**  
Missy liked to dance out in the rain  
                  **Am**  **C**  
Anything to wash away her pain  
                  **G**  **D**  
Cause when you've never known your Daddy's love  
                  **Am**  **C C**  
You can never get enough

[Chorus]

**G**  **D**  **Am**  **C**  
I'm a kid in Franklin Park, I fear I'm floating Noah's Ark

I Love my friends with all my heart and they don t care  
Lord I m bringing them to you from this place they call the zoo  
I m a kid in Franklin Park and life s not fair

[Bridge]

I m like them, we re all the same,  
But they don t know you know their names  
And we re the reason that you came,  
With pure love in your veins  
For those of us across the tracks,  
Don t let us slip between the cracks

[Chorus]

I m a kid in Franklin Park, I fear I m floating Noah s Ark  
I Love my friends with all my heart and they don t care  
Lord I m bringing them to you from this place they call the zoo  
I m a kid in Franklin Park and life s not fair

[Outro]
