

If You Dont Wanna Love Me  
James Morrison

**F# F/F# D#m**

When you lower me down

**B C# F#**

So deep that I, I can t get out

**F# F/F# D#m**

And when you re lost, lost and alone

**B C#**

Yes you d think it was the last place

**F#**

You d come back for more

**B**

If you don t want me to leave

**A#**

Then don t push me away

**A#7**

Rather blow out the lights

**D#m**

You can watch it all fade

**G#7**

But I m going nowhere

**F# F/F# D#m**

I m gonna stay

**B**

When you just wanna fight

**C#**

When you re closing your eyes

**F# A#7**

Cause you don t wanna love me

**D#m D D#m G#7**

I m gonna stay

**B**

You can t push me too far

**C#**

There s no space in my heart

**F#**

Where I don t wanna love you

**F# F/F# D#m**

And when there s no, no storm

**B C# F#**

Then how can I feel the calm

**F# F/F# D#m**

If there s nothing, nothing, nothing left to lose

**B**

Then what is this feeling

**C#**

That keeps on bringing me back to you

**F# F/F# D#m**

So I m gonna stay

**B**

When you just wanna fight

**C#**

And you re closing your eyes

**F# A#7**

Cause you don t wanna love me

**D#m D D#m G#7**

So I m gonna stay, yes I will

**B**

You can t push me too far

**C#**

There s no space in my heart

**F#**

Where I don t wanna love you

**B**

And if you ask me to leave

**A#**

And I walked away

**A#7**

We d still be alone

**D#m**

And we d still be afraid

**G#7**

I m going nowhere

**B7**

I m going nowhere

**F# F/F# D#m**

So I m gonna stay

**B**

When you just wanna fight

**C#**

And there s tears in your eyes

**F# A#7**

Cause you don t wanna love me

**D#m D D#m G#7**

I m gonna stay

**B**

All the tears that I ve cried

**C#**

I could leave them to dry

**F# F/F# D#m**

If you don t wanna love me

**B**

**C#**

Could leave them to dry

**F#**

If you don t wanna love me
