Since you've gone

Nothing seems to fit no more

Nothing's as it was before

And everyday

It's a battle that I just can't win

Em

I know I won't see you again but

Am

I keep waiting for the night

D7

I close my eyes and hope you'll find me sleeping

Am

In my dreams

D7

We can spend a little time just talking

Am

In my dreams

D7

We're side-by-side just walking

Am

Ohh the fields that we used to know,

The places we used to go

D7

Are still there, in my dreams

Am

On the front of the cross-bar of your bike

We can go any place, anywhere you like

D7

In my dreams

Em Em7+ Em7 A7

And as ha-aa-rd as it seems
